ISTD

Ayush Gupta

Conference Chairman
Director (HR) GAIL India Ltd.

Welcome to the 50th ISTD National Convention on Navigating the Future! We are thrilled to invite you to join us for a dynamic and inspiring event that will explore the limitless possibilities and challenges of the ever-evolving future.

Today's disrupting working landscape is forcing organizations to restructure their working methodology which in turn has significantly impacted on the expectation that business leaders have from their diversified teams. With the advent of Automation, time spent on tasks will be equally distributed between the machines & the human resources in coming times. So this is the time to ponder about our strategies, re-visioning the future and realizing that Learning is no longer only a retention measurement but becomes key in realizing business strategy.

ISTD NATCON-23 focuses on the belief that Learning & Development is about building a culture of continuous learning across the organization with full focus on coaching, feedback, leadership & ownership.

This convention will bring together thought leaders, innovators, professionals and enthusiasts from across the nation to engage in insightful discussions, workshops, and networking opportunities.

To bring a wide canvas to our deliberations, the conference theme has been broken down in five different tracks with sub themes in each track.

Call for Research Article / Paper

Today's disrupting working landscape is forcing organizations to restructure their working methodology, which in turn has significantly impacted on the expectation that business leaders have from their diversified teams. With the advent of Automation, time spent on tasks will be equally distributed between the machines & the human resources in coming times. So, this is the time to ponder about our strategies, re-visioning the future and realizing that Learning is no longer only a retention measurement but becomes key in realizing business strategy. NATCON- 23 focuses on the belief that earning & Development is about building a culture of continuous learning across the organization with full focus on coaching, feedback, leadership & ownership.

We invite full paper submissions from management practitioners, faculty members, and research scholars to submit and present their research papers in Business Management, across all areas including Decision Sciences, Economics & Social Sciences, Entrepreneurship, Finance & Accounting, Information Systems, Marketing, Organizational Behavior & Human Resources Management, Production & Operations Management, Public Policy and Strategy.

The submissions will be reviewed by a Review Committee in multiple rounds, from which a set of papers will be selected for the final presentation and reviewed by the discussants in the Conference. We aim to select at least one paper from each area, for final presentation. Papers selected for the conference will be considered for publication in Conference Proceeding with ISBN (SCOPUS listed), subject to author approval and after completion of the standard review process & guidelines of the respective journals.

The conference will provide a comprehensive shared experience and understanding of the recent trend in Navigating the Future and allow us to have a collective space and time to engage with the state-of-the-art capacity and necessary training : acknowledging the Indian and world text. This event will well on the voices of collectives and industry experts, academicians, and researchers to chart the new path consciously together.
